The time of boating a fish must be noted on the capture certificate or Tag & Release card for consideration in the event of a count back. The time of Tag & Release is when the fish is released back into the water alive. If no time is detailed on the tag card, it will be recorded as the end of fishing for that day.

On Saturday there is no cut-off time for boats to return to port, however all tag and capture paper work relevant to the days fishing must either be handed in directly at the SGFC weigh station or be emailed to SGFC (secretary@sgfc.com.au) before 9:00pm unless an alternative time has been specifically arranged with SGFC Tournament Base.

On Sunday all boats with fish to weigh or tag cards to present must be at their designated weigh station by 7:00pm and all tag and capture paperwork relevant to the days fishing must either be handed in directly at the SGFC weigh station or be emailed to SGFC (secretary@sgfc.com.au) before 9:00pm.

Boats may return to their home port on either night of the Tournament.

Please Note: the following additional rules apply to boats electing to return to a Port other than Sydney on either night

When weighing fish or submitting tag & release cards at a port other than Sydney Game Fishing Club, it is the skipper's responsibility to contact the relevant club's weighmaster before attending the weigh station, to ensure the weigh station they are attending has an Official Weigh Master available for verification.

Capture certificates and Tag & Release cards must be fully completed along with all tackle or equipment used in any Capture or Tag & Release including the terminal tackle, lures, hook(s), trace and double, tag pole or gaffs and must be submitted by water to the relevant club's weigh station and the Official Weigh Master of that club for inspection and verification of all equipment.

Photographic evidence of the fish (captures only), the scale reading (captures only) and terminal tackle (captures and T&R) must be included in the submission together with the Tag & Release Cards and signed Capture Certificates must then be electronically submitted via email to secretary@sgfc.com.au before the cut-off times as detailed above.

Tournament Base must be notified of your planned return port each day.

Failure to report on your return may invoke a penalty at the absolute discretion of the Tournament Committee. Boats which elect to continue fishing after-hours are to report that decision to SGFC Tournament base, which will be accepted as a sign-off.

16. Weigh Station Procedures

Once boats enter the vicinity of the weigh station, they are under the control of the Tournament Official at the weigh station, boats must have completed and have ready for presentation all equipment used to affect the capture or tag & release and applicable paperwork.

Tournament Base, or the nominated radio boat, will call each boat in number order on SSB 2284 or VHF Channel 22/ 82 on two hourly skeds commencing at 9:10am and a final sked at 4:40pm. The number of people onboard should be advised during the first sked for the day.

1. Boats are to report on each sked as follows—
 - a. Boat Number
 - b. Boat Name
 - c. Accurate fishing report using the "0-0-0" system – strikes, hook-ups, captures & specify line class and angler name accurately. If possible, boats are to give suspected fish species for strikes and hook ups not landed as well as for captures. Short Measurement of captured fish and accurate weight of captured fish must be reported in fishing report.
 - d. Position using Central Zone grid chart, and whether travelling, trolling, anchored or drifting. Please Note:
 - i. If any vessel is unable to fish on either competition day, it is a requirement that the SGFC Tournament base be notified, either by radio or by telephone. Clubhouse telephone is 02-9337-5687.
 - ii. Should any vessel suffer total radio failure, the skipper must attempt to notify another vessel of the problem, and then MUST return immediately to port. Once in port it is the responsibility of the skipper to sign off with SGFC Tournament base at Watson's Bay.
 - iii. If vessel misses two (2) radio skeds, this will trigger the relevant safety authorities being informed.
 - iv. Captures and tags not reported or not reported accurately on each radio sked shall not be counted and shall not be eligible for trophies.
 - v. All boats are to report on EVERY sked. All boats must report to Base on returning to port. Radio silence must be observed for 10 minutes before the end of stop fishing to allow for report of late hook-ups. Fish caught subsequent to the last sked prior to the end of fishing should be radioed through to base at the time of the capture.
 - vi. On the final sked of each day each boat is required to confirm their tally of weighable fish landed, tag & release results for the days fishing and expected time to arrive at designated returning port.

18. Bad Weather

If a "Gale Warning" or higher category of warning is issued after the commencement of fishing only those fish captured or tagged prior to, or at, the time fishing is cancelled will count in the Tournament. Any fish still being played which are subsequently captured or tagged will not count for this Tournament

In the event that prior to the Tournament the weather looks unfishable the Tournament committee has the right to cancel and

reschedule the Tournament at their discretion.

All anglers must carry a Saltwater Fishing Licence if applicable. Bag limit and size restrictions must also be adhered to. - All Tag & Release cards must show the time the fish was tagged and released and must be handed in at the weigh station to the weigh master on return to SGFC. If no time is included, the time will be recorded as at close of fishing on the day the tag was made, unless known to have been caught later.
- Fish must be fought according to NSWGFA rules and regulations to qualify for Tag & Release.
- Terminal tackles to be supplied hook, trace, double and at least 3 meters of line.

In the event of a tie on any prize category the count back system will be used to determine the winner, i.e. the angler or boat to reach the winning score first will be deemed to be the winner.
